LIST OF GOOGLE CHROME EXTENSIONS

Extensions are tools used to enhance the functionality of the browser and have no interface. Once downloaded, these are located in the top right hand corner of the Google Chrome Browser and can be pinned to the browser for easy access. All of these extensions can be downloaded through the [Google Web Store](#).

	High Contrast FREE	Chrome Extension Only	An extension that changes between 5 different visual page contrasts including grayscale and yellow on black.

	Google Keep FREE	Chrome Extension, Mobile iOS, Mobile Android, online	A productivity and note keeping tool that holds notes, lists, links, pictures, and drawings that can set reminders, labels, and is searchable.
