

Southern New Mexico

Computer Giveaway & IT Accessibility Event

March 21, 2023
10:00 AM - 3:30 PM

Adelante's DiverseIT team gives computers away for free to people with disabilities, but it's not easy for people to get to Albuquerque to pick them up. To help, we are teaming up with NMDVR and NMTAP to bring DiverseIT to other areas of New Mexico.

Need a computer? Let your counselor know to request one and set a time to pickup your computer and be trained on it during this one-day event. These are refurbished, desktop computers. To make sure we have your request before March 7, 2023.

The team from **New Mexico Technology Assistance Program** will also be on hand to teach computer recipients about assistive technology, built-in accessibility tools, and applications that are available and helpful to individuals with disabilities.

Location: Los Lunas NMDVR Office
445 Camino Del Rey SW, Suite D
Los Lunas, NM 87031

Appointments must be scheduled before 3/7/23
