# Keynote Sessions

Tuesday, August 21 ►

Yanira Cruz, MPH, DPh, is the President & CEO of the National Hispanic Council on Aging (NHCOA). Her primary focus is to provide a Hispanic perspective on public health, older adult and caregiver issues, to increase policy-maker and public understanding of issues affecting vulnerable sectors of our society, and to encourage the adoption of programs and policies that equitably serve everyone. To further these efforts, Dr. Cruz is a member of the Leaders of Aging Organizations Collaborative—a partnership of 8 of the nation's leading aging-focused organizations formed to create better public understanding of older adult needs and contributions to society—and subsequently improve the lives of all people as they age. Dr. Cruz serves on the board of the National Senior Citizens Law Center and is a founding member of the Diverse Elders Coalition. She serves on the US Department of Health and Human Services Advisory Council on Alzheimer's Research, Care, & Services. Dr. Cruz holds an adjunct faculty appointment at the George Washington University School of Public Health. Her presentation, sponsored by AARP, will address the "Reframing Aging" campaign, started by the Leadership Council of Aging Organizations. The goal of the "Reframing Aging" campaign is to change public messages and images that portray aging as negative, and create awareness that the majority of older adults in the US are independent, healthy and socially productive. Dr. Cruz will share the Council's work on this campaign and how it relates to older New Mexicans, with a special emphasis on support for caregivers. She will challenge you to help reframe the view of aging in your community.

Hazel Tull-Leach is the City of Albuquerque's Executive Director for the 2019 National Senior Games, to be held in Albuquerque June 14–25, 2019. Ms. Tull-Leach has served as a development professional for the National Dance Institute New Mexico, the UNM Foundation, UNM Hospitals and UNM Children's Hospital. She served as the assistant coach for the UNM Ladies Basketball team for five years, and, prior to returning to Albuquerque, played basketball at Texas Tech. Ms. Tull-Leach will speak about the importance of staying active as we age and how the 2019 National Senior Games is a perfect opportunity to do just that. The Games not only allow us the opportunity to compete and stay active, they also provide great opportunities for socialization, volunteerism and community engagement.
